TPA Poland with its new seat in Katowice

On 2 August 2018, TPA Poland moved its office in Katowice. Currently our experts are operating in a modern Brema office building at Al. Roździeńskiego 188H.

- It is important for us to have a location convenient to access by our customers as we can be ready to attend to their needs. The modern interior as well as a friendly office atmosphere is also a significant matter, We care about the satisfaction of our employees - comments Łukasz Korbas, Partner of TPA Poland in charge of the Katowice accounting and payroll outsourcing team.

The building meets these requirements. The site is located in the immediate vicinity of the largest traffic arteries and exit routes of the metropolitan area which makes access to the building convenient from any part of the city and region, both by car and public transport.

The office building itself has 6 floors, and the area dedicated for offices covers over 6,200 sqm. The space was designed by the Wojciech Wojciechowski studio, guaranteeing modernity and functionality. The employees can use the underground and aboveground parking lots, bicycle parking spaces and a viewing terrace. Each floor is the same and up to 150 employees can work on each of them.

The TPA Poland office is located on the 1st floor and occupies nearly 180 sqm of space.

Our new office is staff friendly. The building offers utmost professional infrastructure meeting the requirements of the most demanding employees. Riding a bike? Great, you will then leave it in a special bike park. Are you tired of analysing documents and would you like to take a break? Relax on the terrace. We appreciate these accommodations - emphasizes Krzysztof Kaczmarek, Managing Partner of TPA Poland.
